

UNLOCKING INSIGHTS INTO THE GLOBAL AIR
TRANSPORTATION SYSTEM.

carry
passengers
and goods
across different
countries

airports are
places where
the parking is
expensive

fastest mode

uses aircraft
designs like
aeroplanes,
helicopters
and jets etc.

fastest way of
transportation
in the world

passport is
necessary

it is
adventerous

SAYS

THINKS

tickets are
expensive

DOES

FEELS

amazing
experience

very hard to
travel in air
during bad
weather

promotes
tourism and it
improves
countries GDP

comfortable
way to
transport

tickets are
prebooked
in the net

airways are
used to
smuggle goods
from other
countries

used in the
times of
natural
calamities and
wars

less traffic
routes

incredible
views of
world
